TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Raymond in the (L.S.) County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at I. O. O. F. Hall in said Raymond on Tuesday, the fourteenth day of March, next at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what action the town will take relative to the playing of Beano in the town of Raymond.

4. To see what sum of money the town will vote to raise and appropriate for town maintenance including snow, cleaning Main Street and any general Highway expense.

5. To see what sum of money the town will vote to raise and appropriate for tarring.

6. To see if the town will vote to raise and appropriate such sums for State Highways as recommended by the New Hampshire Department of Public Works and Highways.

7. To see what sum of money the town will vote to raise and appropriate for street lighting.

8. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

9. To see what sum of money the town will vote to raise and appropriate for the Fire Department.

10. To see what sum of money the town will vote to raise and appropriate for Dudley-Tucker Library.

11. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

12. To see what sum of money the town will vote to raise and appropriate for maintaining the dump.

13. To see what sum of money the town will vote to raise and appropriate for the Park.

14. To see if the town will vote to authorize the Board of Selectmen to sell at public auction any property acquired by Tax Collector deeds.

15. To see what sum of money the town will raise and appropriate for Civil Defense.

16. To see what sum of money the town will raise and appropriate for Hydrant Rental.

17. To see what sum of money the town will vote to raise and appropriate for the continuance of the Raymond Recreational Program.

18. To see if the town will vote to make it mandatory to obtain building permits for new building construction, permits to be obtained from the Board of Selectmen.

19. To see if the town will vote to adopt the following Building Regulations:

No dwelling shall be built or moved into or within the town unless it shall comply with the following, and notice be given to the Selectmen thirty days before work commences.

A. Foundation: All structures shall be set on a foundation of cement, brick, or stone.

B. Framing: Buildings shall be framed according to standard procedure and outside walls shall be of shingles, siding, clapboard, brick, or stucco.

C. Chimneys: Construction shall be of stone, brick, or chimney block with tile lining, or other material accepted by the Federal House Administration.

D. Roofs: All roofs shall be of a fire resistant material.

E. Area: Every dwelling shall have a ground floor area of not less than 600 square feet.

F. Sewerage: Each dwelling shall be connected to a septic tank and dry well or filter bed as a means of all sewerage disposal.

G. Electricity: Wiring shall be installed in accordance with the National Electric Code.

H. Violation: In case of a violation of this ordinance selectmen shall give owner written notice and owner shall be fined, upon conviction, not more than ten dollars per day for each day such violation exists.

I. Definition: The word "Dwelling" used herein, means a home for human habitation and does not include barns, sheds, garages, etc.

20. On petition of Charles V. Clayton and eighteen others, to see what action the voters will take, to raise and appropriate a sum of money to tar another section of "Mountain Road" or take any action relating thereto.

21. On petition of Paul Edwards and twelve others, to see if the town will vote to install a street light at Downing Street at location of Pole No. 22-10-3-B, and to raise and appropriate money for same.

22. On petition of Robert H. Clement and thirteen others, to see if the town will vote to raise and appropriate the necessary sum of money to raise the level of the Old Manchester Road, near the residence of Harold Barnes, to prevent flooding of said road.

23. On petition of Lyman R. Hammond and eleven others, to see what action the town will take in regard to tarring the Batchelder Road, to raise and appropriate money for same.

24. On petition of Ivan C. Reed, Sr. and ten others, to see if the town will vote to accept a section of road known as Governor's Drive, distance of 900 feet on the East Shore of Governor's Lake. (There are 21 cottages on this section of road.)

25. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and sixty-one.

EMILE G. BRISSE,
ALBERT J. KNIGHTS,
IVAN C. REED, SR.,
Selectmen of Raymond

A true copy of Warrant—Attest:

HIGHWAY DEPARTMENT REPORT

The past year we came out with a little overdraft, mostly due to increase in Winter maintenance.

More culverts were installed and replaced than usual during the year. I am in hopes of keeping within my budget this coming year but it is going to gain instead of decreasing. The mileage for school buses and mail routes has increased. There is one road that is very narrow, making passing impossible, that will require considerable work.

The Grader is in good condition. Two tires were purchased last year and two more will be needed this year.

I appreciate the co-operation given me by the Selectmen and Citizens the past year.

Respectfully Submitted,

LYMAN R. HAMMOND,

Road Agent

CALVIN J. LANGFORD,

Treasurer

RAYMOND FIRE DEPARTMENT

To the Selectmen of Raymond:
Gentlemen:

The year 1960 was very successful fire-wise for Raymond, due to the fact that its Citizens are alert to fire hazards and are careful with fire. In my opinion that is the only way any fire department can have a real successful year.

We had a total of fifty-six alarms. Thirty-four were sounded on the siren and twenty-two were still alarms. Nine were false, four were for Civil Defense, four were for out of town and three were for no school. The insurance losses paid amounted to some $8,500.00.

I would like to call your attention to the grand job Mr. Callaghan and his staff have done with your youngsters on school fire drills. I have attended several of these drills and watched the youngsters clear the buildings in less than forty seconds. I feel quite sure you can send your children to school in Raymond and feel they will get safely out of the building in case of fire or emergency.

We are asking for bids this year ensuing to take care of the Red Network telephones.

My sincere thanks to the Selectmen and the Citizens of Raymond for their co-operation during the past year.

Respectfully submitted,

P. A. FOX

REPORT

of an examination and audit

of the accounts

of the

TOWN OF RAYMOND

for the fiscal year ended December 31, 1960

made by

HUNT'S ACCOUNTING SERVICE

5 Morningside Drive

Hampton, New Hampshire

HUNT'S ACCOUNTING SERVICE
5 Morningside Drive
Hampton, New Hampshire

January 21, 1961

Board of Selectmen
Raymond, New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1960, as made by Hunt's Accounting Service, as requested by the vote of your Town.

SCOPE OF AUDIT

All Departments of the Town Government were audited: Board of Selectmen, Treasurer, Tax Collector, Clerk, Trustees of Trust Funds, Library and Water Department.

FINANCIAL STATEMENTS

Exhibit A-1 contains the Balance Sheet for a two year period. This Exhibit reflects the general financial condition of the Town at the close of the fiscal years December 31, 1959 and December 31, 1960. During 1960, $7,000.00 was paid on long term notes and bonds. The Net Debt decreased $18,168.34 leaving a Net Debt of $72,080.91 at the close of the year 1960. The long term indebtedness outstanding was $92,000.00 at the close of 1960. By these comparisons, you can well be proud of your Town's financial condition. Exhibit A-2 reveals the change in Net Debt.

Exhibits A-3 shows appropriations as raised by the Town vote, receipts and reimbursements of appropriations, expenditures and balances as under-expended or over-expended. The final budget summary may be seen on Exhibit A-4. A final net budget surplus resulted for the year 1960 of $11,201.76.

DEPARTMENTS

Exhibits B-1 through I show various Town Officers' accounts. All monies were accounted for by reconciling with depository banks.

Verification notices were sent on all delinquent taxes for the 1960 levy.

GENERAL COMMENTS

It was noted during the course of the audit that many water accounts were delinquent from one to five years, ranging in amounts from $20.00 to $126.00. The Water Department heads should arrange some means of reducing these accounts.

It gives me great pleasure to congratulate all Officials of the Town for the excellent and efficient manner in which they have maintained their records.

Very truly yours,

HERBERT E. HUNT

Auditor

HUNT'S ACCOUNTING SERVICE

5 Morningside Drive

Hampton, New Hampshire

January 21, 1961

CERTIFICATE OF AUDIT

This is to certify that the accounts and records of the Town of Raymond have been audited for the fiscal year ended December 31, 1960.

The following Exhibits show the financial condition, revenue sources and expenditures of the Town for the fiscal year ended December 31, 1960.

Respectfully submitted,

HERBERT E. HUNT

Auditor

INDEX

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Raymond, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Consolidated School in said district on the Eleventh day of March 1961, at seven o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose two Members of the School Board for the ensuing three years and one member for two years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to request an audit by the State Tax Commission instead of electing local auditors, in accordance with R.S.A. 197:14.
10. To see if the district will vote to raze the building

known as the Canning Center and to raise and appropriate the sum of $500.00 to defray costs of removal of same and to fill in cellar.

11. To see if the district will vote to equip the Elementary School with a fire detection system known as "Fire-Lite Alarms" and to raise and appropriate the sum of $1,629.00 for this purpose.

12. To see if the School District will authorize its School Board to purchase three (3) school buses, with a seating capacity of approximately sixty-six (66) in each bus, at a price not to exceed a total of Twenty-One Thousand Dollars ($21,000.00), and will vote to authorize its School Board to borrow a sum of money not to exceed Sixteen Thousand and Eight Hundred Dollars ($16,800.00) on the credit of the School District by the issuance of notes, as provided in R.S.A., Chapter 33, as amended, for the purposes herein specified; and to authorize the School Board to determine the time and place of payment of said notes and the rate of interest thereon.

Given under our hands at said Raymond this 10th day of February 1961.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1961

To the School Board of Raymond:

In submitting my fourteenth report as superintendent of schools in Raymond, may I express my thanks and appreciation for the kindnesses received from those board and staff members as well as the citizens with whom I have had the pleasure of being associated since the fall of 1947.

Since that time the school population has increased many times requiring the expansion of the school plant twice in order to house the surging enrollments including tuition students from Candia, Deerfield, Fremont, Auburn, and Chester.

During the past year and a half the high school addition has provided space sufficient to meet the needs of the boys and girls in industrial arts and home economics. This has greatly increased the standing of the school. With this addition also, more rooms have allowed the school to offer more classes in mathematics, science, languages and social studies. Then, too, this expansion has released space for a library so necessary to every educational institution.

We are now in the second year of the music program which, under the direction of competent instructors, has demonstrated both at home and in other parts of the state the value of its growth and development as a basic educational need.

However, with the improvement of the physical needs of the plant as well as the incorporation of many of the necessary subjects for the mental development of the children, there still remain two or three problems that should be solved.

One of these problems is the cafeteria. The board has been generous in providing both personnel and equipment for this program. Here again we come face

to face with the need of adequate space for the children. Present conditions must be revised and corrected if the program is to keep pace with the growing needs of a school of over 500 boys and girls.

Another problem involves the auditorium - gymnasium. For the past fourteen years this room has never been used to capacity proportionate to the capital investment. Study your factories and industrial plants. Review the research of the modern schools and athletic buildings. Where in the realm of educational, physical, and business production is a room as large as the gymnasium being used only one-quarter of the day? In my opinion and since we have such a space, money is being wasted unless some program of physical education is introduced whereby the needs of every child are met instead of the selected few.

The third problem which should be considered involves the landscaping and improvement of the school grounds. This is undoubtedly the least of those to be considered. Nevertheless, it should be in the near future a part of the expansion of the school system of the town.

Since the opening of the school year a concentrated effort on the part of the principal has been made to educate those youngsters who are unable to profit from the classes in the usually prescribed grades and courses. It is a delicate problem and requires tactful and diplomatic handling. Many schools are facing the problems of these children through special classes and what is referred to as the non-graded approach. Special tests have been developed and trained teachers are constantly in demand. Here is a problem that involves not only competent instructors and an understanding administration, but also close relationship with the home. It requires, moreover, the home's wholehearted support of the school, the doctor, nurse and the teachers. These youngsters are on the increase in every

school in the country including yours and the district must provide more time and money if the children are to receive their fair share of the taxes collected.

Up to January 1, 1961 the school had registered just over 500 students. This is the largest enrollment for any similar period in its history. Expectations and estimates demonstrate that there will be between 520 and 530 students in 1961-62. Every year more and more tuition pupils are attending the high school. This is due, of course, to the increase in the enrollments in the surrounding areas. In 1947-1948 the school hired 12 teachers including the principal. Today there are 18 teachers full-time including a supervising principal with two part-time teachers and the need for another in 1961-62. This fact alone proves the growth of the population of the town.

A report of this nature would not be complete unless some reference was made to the teachers of this district as well as every district.

The schools of the state for the past three years have been training more teachers than ever before, but we begin each fall term in September one or two teachers short. Those who have been hired, in many instances, are untried and questionable. The teacher turnover in Raymond is from 30% to 50% each year. Why; we pay the going price as compared to similar districts in the state. We, therefore, assume that teachers will come to Raymond for that price. None of us can be absolutely sure just what the reasons are, but by asking some pertinent questions you may be able to give your own reasons. Have you ever considered paying a little more than the going price for your teachers? Have you ever stopped to consider why so many teachers commute from the surrounding areas and therefore desire more salary for traveling? What has the town to offer teachers beside the school and its activities? Do you understand that the par-

ent's responsibility does not end at the school door? What help are you giving the teacher with the problem your child presents? What can you offer in fringe benefits as an inducement to attract good teachers?

All these questions are involved in the hiring of teachers. How would you solve them? They will be solved in time only when you are willing to look at the truth and face facts.

In the years of my associations with the members of the various school boards, I consider it my good fortune to be able to say that with few exceptions, all have been vitally interested in the education of the children of the town. Not only has it been a pleasure to serve you and your children, but also a privilege which you have made possible during the past fourteen years.

Respectfully submitted,

MURRAY H. WATSON,

Superintendent of Schools

PRINCIPAL'S REPORT

To the Superintendent and the School Board:

The founding fathers of this great nation in their great wisdom contended that all men are created equal and are endowed with certain unalienable rights, that among these are "life, liberty and the pursuit of happiness". We maintain that man's greatest ally in his quest for a better life, the securing of liberty and the pursuit of happiness has always been and is now, the public school. So, according to the principal's creed, we attempt to do as much as possible, with as few hurt feelings as possible, in every second of every minute of every hour of every day toward helping our young people achieve these noble objectives.

INSTRUCTION

With five hundred and six students enrolled, we have reached an all-time peak in attendance.

Raymond High School is once again classified as an Approved Comprehensive High School. Three of four new teachers on the staff are experienced teachers, which has made the job of maintaining teaching efficiency that much easier.

In the Elementary School we have set up a class for exceptional children in an attempt to provide, in a very specialized way, for individual differences. Through the generosity of Mr. Harold Berk, Mr. Joseph Regis and Dr. Martin Dionne we were able to do individual testing and were able to get the professional help of a consultant for the teacher. In so doing, we believe that we have established a firm foundation on which to build.

Now we need your help as parents. Being a parent is a hard job. So is being a teacher. Although, our roles may be different, we are dependent on each other. Our interests and goals are one. How well we accomplish our goals of helping the child become a truly

educated and well adjusted adult depends on how well we work together.

We are asking for another teacher at the High School level this year in the field of language, which will fulfill our obligations under the minimum standards.

Our music program continues to expand and develop. Last spring we did an Easter program for WMUR-TV in Manchester. This winter our chorus has provided a Christmas program for the Moore School in Candia, the Pembroke Elementary School and the Pembroke Academy. In addition to this we put on a highly successful, first annual Christmas Concert of our own. Arrangements have been made for an exchange program between Raymond High and Oyster River High of Durham in early March. The Raymond High a Capella Choir will provide a program there, while the Oyster River Orchestra will come here.

We are sending four students to all-State Chorus this spring: Diane Dickinson, Inez Smith, Stanley Clark and Edward Robinson.

We are proud to announce that better than three thousand dollars in scholarship awards were made at our graduation exercises in June. Recipients of scholarships were: Pamela Quimby, Alfred Launier, Madeline Fugere and Daniel Maloney. William Greene was selected by St. Paul's School in Concord to attend their Advanced Studies Program for outstanding N. H. High School Juniors.

INSTRUCTIONAL EQUIPMENT

The National Defense Education Act of 1958, Title III has made it possible for us to add two hundred volumes to our school library, in the field of science and mathematics. We have also purchased a mobile science laboratory for use in the elementary school science classes. Six basic electricity kits were made available to science and shop classes, plus added laboratory storage space and laboratory materials.

With the addition of the library we have inaugurated the Readers Guide Service for use of periodicals. We should add a card catalogue to make the library service complete.

MAINTENANCE

With the purchase of new floor maintenance machinery we are able to do a much better job for less money. We recommend for your consideration the painting of the Elementary Building both inside and out. The hallways inside, have not been painted in thirteen years. It has been several years since the exterior has received attention and it needs paint badly.

FIRE SAFETY

In this area, we are most happy to report the addition of a new fire escape. This coupled with the cutting of two fire escape doors makes it possible to have easy access to the new fire escape, from any of the second floor classrooms. Fire drills using the fire escape have been most satisfactory.

We would now recommend the erection of two draft control doors, one on each floor midway in the main hallway.

Improvements are currently being made in the alarm system.

LUNCH PROGRAM

Once again we call your attention to the fact that we are running a lunch program in an area that we have long since outgrown. And once again we commend the proposal, to move the kitchen to the present health room, and to use the gym for a dining hall, to your consideration.

The purchase of a new refrigerator and a baker's oven were made last summer, so that the children are enjoying their benefits this year.

TESTING PROGRAM

We have added the Preliminary Scholastic Aptitude

Test of the College Boards to our excellent testing program. This gives the student an objective look at his college prospects earlier in his High School career. This program is primarily for Juniors and is available at the nominal fee of one dollar.

HEALTH PROGRAM

We are proud of our new Health Room made possible by the generous contributions of the P.T.A. We now have, thanks to the P.T.A.: two examining stalls, with examining tables, an electric, eye examining chart, and doctors scales, with measuring rod. The school board has provided an audiometer and a new desk, purchased from surplus goods.

Mrs. Marion Thibeault, our school nurse, has made arrangements for six youngsters to attend the Speech Clinic, conducted by the State, at Epping, each week. Our Dental Clinic is enjoying another successful year conducted by Dr. Martin J. Dionne. Dr. Thomas Abell continues to visit weekly for examinations.

ACTIVITIES PROGRAM

We are currently providing such extra - curricular activities as: Soccer, Volley-ball, boys and girls Basketball, Softball, Baseball, Cheerleading, Dramatics, Camera Club, Student Council and National Honor Society. Each of these activities is carried on by the Activities Association, which is self-supporting. Our sincere thanks for your generous support of our annual magazine drive for funds, which this year made it possible for the association to purchase caps and gowns, stoles for the chorus, risers for the chorus and a new tape recorder, for the school.

We wish to thank the various civic organizations for their interest in our school. We want to give special thanks to the Class of 1960 for furnishing the Homemaking Room. Bronze plaques have been purchased and erected by the School Board commemorating this

fact, plus the furnishing of the teacher's room by the P.T.A. May we, at this time, thank I. C. Reed and Sons for their help in erecting the new fire escape.

May we also express our sincere thanks to the staff for a job well done. Thank you one and all, most sincerely. We are privileged to work with such a dedicated group.

And may we thank you our fellow townspeople for your continued cooperation and support.

Respectfully submitted,

JOHN J. CALLAGHAN,

Principal
